The Emory community is engaged in global efforts to address the Ebola epidemic in West Africa, the largest outbreak of this deadly disease in history.

This semester, all schools at Emory are joining forces to sponsor a community-wide forum to explore multiple, integrated dimensions of the impact of the pandemic on public health, development, governance, public policy, law and civil liberties, economics and religion/culture, as well as related ethical considerations.

Monday, March 23 • 4-5pm
